To Whom It May Concern

This license of authorization enables any Chaldean and non-Chaldean to use, copy, and distribute the legitimate Chaldean National Flag CNF available to be downloaded from the official public domain site of the flag, www.ChaldeanFlag.com.

Anyone can print, use, and reproduce the CNF in any medium or format. However, no one is allowed to reshape or alter the legitimate design.

Also, when it's required, moral credit must be given to Dr. Amer H. Hanna, aka Amer Hanna Fatuhi, the sole creator and designer of the CNF registered in Iraq in 1986 and the Library of Congress, US, in 1997. Furthermore, the CNF belongs to the Chaldean Nation.

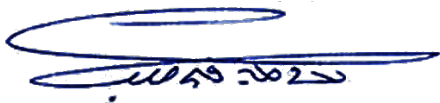

To learn more about the flag history, elements, colors, and its public legal documents that authorized anyone, individual or establishment, to freely use and reproduce the CNF, visit the documentary video below:
